Flight Information

The accuracy and currency of information contained in this guide is uncertain due to the difficulty in obtaining the information and the rapidly changing environment. Aviators should always check with a country's aviation authority or a local aviation handler to determine any specific aircraft airworthiness/equipment and crew/passenger entry requirements.

Airports of Entry

[SYCJ](#) [Georgetown \(Cheddi Jagan Int'l\)](#) Scheduled & Non-scheduled only

[SYGO](#) [Ogle Regional Municipal Airport](#) Private flights and VFR only

Entry/Exit Requirements

Entry and exit requirements are for aircraft departing the United States non-stop to country of destination. These requirements do not include any technical stops. Please refer to **Technical Stop** section in **Additional Information** for the country at which the technical stop will be made.

CARICOM APIS

The Caribbean Community requires aircraft to submit advance passenger information prior to arrival in and upon departure from Guyana

Entry Requirements (Departing U.S.)

- File an [eAPIS](#) manifest outbound
- File and activate international flight plan
- Land at an AOE

The following entry documents are required:

Passengers-

- Valid passport
- [Visa](#) (Not required for U.S. Citizens or Commonwealth countries))

Pilots – Same as passengers

Note: Other pilot/crewmember requirements may be applicable in lieu of those stated. Contact appropriate AIS for further clarification prior to flight.

Aircraft – Arrival:

- General Declaration – 1 for ATC, 2 for Customs, 2 for Immigration, 2 for Port Health, 1 for CJIA (Cheddi Jagan Int'l Airport)
- Passenger manifest – 3 for Customs, 2 for Immigration, 2 for Port Health, 1 for CJIA
- Cargo Manifest - 2 for Customs, 1 for CJIA

Note; if no passengers are embarking (disembarking) and no articles are laden (unladen) no aircraft documents except copies of the General Declaration need be submitted to the above authorities

Exit Requirements (Departing Guyana)

- File [eAPIS](#) manifest if inbound to the U.S.
- File an international flight plan
- Call U.S. Customs at filed U.S. airport of entry
- Depart from an AOE

Aircraft– Departure:

- General Declaration – 7 copies
- Passenger Manifest – 6 copies (see Note; under Arrival)
- Cargo Manifest - 3 copies (see Note; under Arrival)

Additional Flight Information

Aircraft Instruments and Equipment

U.S. airworthiness and certification requirements may not meet other country requirements. It is the responsibility of the pilot to determine if the aircraft meets those requirements.

The items listed below are for the pilot's reference to determine if the aircraft meets the minimum instrument and equipment requirements, of the destination country. Additional equipment may be required to comply with the airspace navigation requirements.

Radio and navigation equipment carried within the Georgetown FIR shall comply with the provisions of Annex 6 Chapter 7 and Part 7 of the Guyana Aviation Requirements.

- R-NAV-5 is required for use of RNAV routes in the Georgetown FIR.

Internal Flights:

On all *internal flights* and on flights with single engine and multi-engine aircraft, which are not capable of maintaining the prescribed minimum safe altitude in the event of engine failure, the following emergency

equipment shall be carried.

Signaling equipment:

- An emergency locator transmitter (ELT);
- Two signal flares of the day and night type;
- Eight red signal cartridges and a means of firing them;
- A signal sheet (minimum 1 x 1m) in a reflecting color
- A signal mirror; and
- An electric hand torch

Survival equipment:

- A compass
- A knife
- A sleeping bag with waterproof inner lining or a rescue blanket (Astron) per person
- Four boxes of matches in waterproof containers
- A ball of string
- A cooking stove with fuel and the accompanying cooking and eating utensils.

RVSM

[Domestic and International RVSM](#) guidance is provided on the IFIM Home Page. Click on the **Air Traffic** tab and select **Separation Standards** from the drop down list.

Technical Stop/ Overflight

There are no restrictions on overflight or technical stops unless it is intended for the embarkation or disembarkation of passengers and or cargo.

Non-scheduled Flights (Charters)

If an operator intends to perform a non-scheduled flight(s) in transit across, or making non-traffic stops in, the territory of Guyana, it is not necessary for the operator to obtain prior permission.

If an operator intends to perform a nonscheduled flight(s) into Guyana for the purpose of taking on or discharging passengers, cargo or mail, it is necessary for the operator to apply to the Director General, Guyana Civil Aviation Authority, not less than forty-eight hours in advance of the intended landing, The application must include the following:

- Type of Aircraft and registration marks
- Date and time of arrival and departure

- Places of embarkation/disembarkation of passengers and freight
- Purpose of flight and number of passengers and amount of freight

Private Flights

The information contained in the flight plan is accepted as adequate advance notification of the arrival of incoming aircraft. Such information must be transmitted so that it is received by the public authorities concerned at least two hours in advance of arrival. The landing must be carried out at an AOE.

Float Planes

The IFIM staff is unaware of any requirements for float planes in Guyana.

Light Sport Aircraft

The IFIM staff is not aware of any requirements for LSA aircraft in Guyana.

Fees

Users should anticipate varying fees for landing (based on max take-off weight), parking, hangarage, passenger services, security and air navigation services. Consult with the Guyana Civil Aviation authority.

Fuel

SYCJ – Jet A1 and Avgas are available at Cheddi Jagan International Airport

SYGO – Jet A1 and Avgas are available at Ogle Regional Municipality Airport

Night VFR

SYCJ – No known restrictions on VFR night flying

SYGO – No VFR sunset to sunrise

Island Hopping

The IFIM Staff is unaware of any Island Hopping requirements or restrictions.

Aeronautical Charts

Some Caribbean Aeronautical charts are available from the FAA's world-wide network of chart sales agents. A listing of these agents is available at: http://www.faa.gov/air_traffic/flight_info/aeronav/. Additional navigation charts are available from the on-line AIP (see Links) or contact:

Aeronautical Information Service
Cheddi Jagan Inti Airport/Timebri
Timehri, East Bank,
Demerara, Guyana.

Prohibitions, Restrictions and Notices

U.S. Prohibitions, Restrictions and Notices may be found on the IFIM main page under General Information. Click [HERE](#) to open.

Country Specific Travel Information

Public Health Requirements

Aircraft – Please refer to the DOT website below for any current requirements.

DOT: [Aircraft Disinsection Requirements](#)

Passengers – Disembarking passengers are not required to present vaccination certificates except when coming directly from an area infected with cholera, yellow fever or small pox. Vaccination certificates when required shall be for passengers over one year of age.

Please refer to the Center for Disease Control and the World Health Organization websites below for any current requirements.
